Q & A
TIME!

1. Why do I have to go back to school if COVID Germs are still here?

1A. It is very important to have an education at school. If everyone is careful and follows instructions then the risk of spreading COVID is reduced.

2. Why do I have to wear a face covering? I don't like it!

2A. Face covering can help to protect you, your family and your friends from spreading COVID, why not get a designed face covering to make it fun!

3. Why cant I cuddle my friends at school?

3A. COVID may be spread by cuddling. So COVID Warriors do not cuddle friends until the government tells us it is safe to do so!
